Kerri's Cat Care

An Open Letter to Pet Lovers,

It is our pleasure to recommend to you "Kerri's Cat Care". For the past two years we've called on Kerri to care for our three cats - Bonkers, Torti and Gizmo - whenever we've had to leave town, whether for a couple of days or a couple of weeks. Kerri has saved us from having to make other arrangements, saved us money, and most importantly, saved our peace of mind. Knowing that our pets can remain comfortably at home, under the expert eye of Kerri, lets us spend time away from home free from any worries over the quality of their health, happiness or well-being. We have come to rely on, depend on, and trust in Kerri's care of our pets absolutely and without reservation. She has done a superb job and we consider ourselves (and our cats!) tremendously fortunate to have found her!

Sincerely,

Dr. Craig B. Webb

Dr. Dana Christiansen
